

Development Assessment Services - Revised Fee Schedule

As of the **1st of August 2010** Cradle Mountain Water (CMW) will be introducing a revised fee schedule with regard to the provision of Development Assessment Services.

This fee schedule will apply to all Development Applications received across the region. Pricing will be structured in a way that is indexed relative to the scope of the proposal, taking into consideration the following:

- Time required by CMW staff to assess and provide advice relating to the proposal,
- Land size,
- Total allotments, and
- Supply/discharge requirements.

Building and plumbing applications requiring CMW input (non-exempt applications) should be lodged with the relevant fee.

Development applications forwarded by Council to CMW for assessment will attract a process fee. Applicants will be advised by CMW of the respective fee once the application has been received from the Council.

FEE CLASSIFICATION

Rezoning	
Minor	0 - 0.4Ha
Medium	>0.4Ha - 1Ha
Major	>1Ha - 3 Ha
Significant	>3Ha- 10Ha

Subdivision	
Minor	0 - 2 Lots
Medium	3 - 10 Lots
Major	11 - 25 Lots
Significant	25 - 50 Lots

Non-Subdivision / Building Applications / Plumbing Applications	
Minor 0-6 EP*	Single Dwelling Shed/Garage/Carport Dwelling Unit Ext. Units/Town Houses X 2 Shop Refit/Demolition Auxiliary Dwelling/Dependence Unit Minor Extension to Commercial/Light Industrial/Retail New Connections: Minor Subdivisions & Developments (Where Applicable)
